Foodcare Social Accountability Policy

1 Introduction

Social Accountability is a measure of an organisation's awareness of emerging social concerns, and the priorities expressed by the various stakeholders (shareholders; employees, government; NGOs; communities). It is reflected in the organisation's commitment to social engagement, and addressing those important stakeholder concerns, including:

1. Willing legal and moral compliance with local and international employment, health and hygiene, safety, and environment laws;
2. Respect for basic civil and human rights; and,
3. Building better futures for local communities.

2 Purpose
